

Best practices:

Sustainable and Green Campus

1. Title of the Practice: Sustainable Campus

2. Objectives of Practice:

- Train students to become protectors of Nature.
- Transform classroom – knowledge into life – application
- Participate in the nation – building process

3. The Context:

- The 'Zero Waste management' practice has now been expanded into a larger umbrella, 'Sustainable Campus',

4. The Practices:

- Conscientisation talks and seminars
- Environment related activities, cleaning campaigns
- Planting and greening drives
- Active participation in Swatch Bharat,
- Deplasticised campus
- Campus divided into Zones and entrusted to various departments for cleaning and greening
- Green Campus with ornamental plants, Neem Trees, Mangoes, Kalpvreksha etc.
- Celebration of environment related days
- Use of bio- control agents like bio – pesticides, bio – fertilizers etc
- Distribution of Paper Bags
- Composting
- Sorting biodegradable and non biodegradable wastes for appropriate disposal

5. Evidence of Success:

- training in vegetable cultivation, composting practices, green campus, environmental awareness programs and well – maintained gardens.

6. Problems Encountered and Resources required:

- Availability of time.
- More space to be created.
- Revenue to be generated.

7. Notes:

- 'Sustainable Campus' is a practice that all institution can adopt.
